Thanks all. Does that mean that the Tribe is overseeing the response? Have they issued anything in terms of a release yet?

Peter, I don't need anything official, just some basics for an AP reporter on an initial assessment of status, next steps, impacts to water resources. They may show up on site so you may interact with them there. I can wait til the initial pol rep if that is easier...

He should get ahold of [gembrey@mhanation.com](mailto:gembrey@mhanation.com). The chairman has taken control of all press releases and other information that is leaving the site, including photos.

Pete  
If you get the chance and are able to give Richard Mylott a brief email/text/or voice mail describing the situation out there before the close of business today everyone would be deeply appreciative.
